Welcome to Neale Woods

Neale Woods is a 560-acre conservation area featuring seven miles of maintained trails. It is owned and operated by Fontenelle Forest, a privately funded non-profit organization.

Home to abundant plant and wildlife, Neale Woods offers a hiking experience that is truly unique to any other in the greater Omaha metro area. In a single afternoon, you can encounter a range of vastly different ecosystems, from deciduous forest to oak savanna, floodplain and prairie.

Neale Woods also offers a unique, up-close look at the many conservation techniques our staff utilize to preserve and maintain the land so that it can be enjoyed by the community for years to come, including: habitat restoration, prescribed fire, and erosion and invasive species control.
